

CARPENTRY

CARPENTRY – INTERIOR FINISHES & RENOVATIONS

The Pangere Corporation's carpentry group handles all aspects of the carpentry process from interior design layouts to complete exterior wood framing systems and interior build-outs. Our carpentry projects range from complete design/build office buildings to interior partition walls and mandoor installations. Our projects include new facilities, remodeling and renovation projects for schools, shopping malls, office spaces, industrial locker rooms and break rooms, retail stores, warehouses, churches, convention centers, gaming facilities, banks, health care facilities and more.

SERVICES INCLUDE

- Metal studs - light & heavy gauge
